In accordance with recent changes in operating results, the forecasts of operating results of Fuji Television Network, Incorporated (the "Company") for the business year ending March 31, 2004 (from April 1, 2003 to March 31, 2004), as given at the time of publication of brief statements of accounts for the first quarter of the year ending March 31, 2004 (from April 1, 2003 to June 30, 2003) on August 7, 2003, are adjusted as described in the following tables:

2. Adjustment to the forecast of operating results for the business year ending March 31, 2004 (from April 1, 2003 to March 31, 2004):

(1) Consolidated operating results

3. Reason for the adjustments:

In our TV broadcasting business, broadcasting (advertising) revenues and sales of a film "Bayside Shakedown 2 (Odoru Daisosasen THE MOVIE 2)" and events such as "Quidam" and "Odaiba Adventure Land (Odaiba Boken Ou)" increased. Additionally, the catalogue sales business made good progress. Consequently, our operating results are expected to exceed the forecasts publicized on August 7, 2003. Hence, the forecasts for net sales, recurring profit and net income for the interim period of the current business year on both consolidated and non-consolidated bases are adjusted upward as described above.

With regard to the forecasts for the operating results for the whole-year period of the current business year, broadcasting (advertising) revenues for the second half of the current business year are expected to remain unforeseeable, while sales of events are expected to increase.

(Note) The above forecasts were calculated based on information available as of the date of publication hereof. Hence, depending on various factors in the future, the actual operating results may be different from these forecasts.
